

# VERONA ROAD ARTIST COORDINATION

Madison, WI

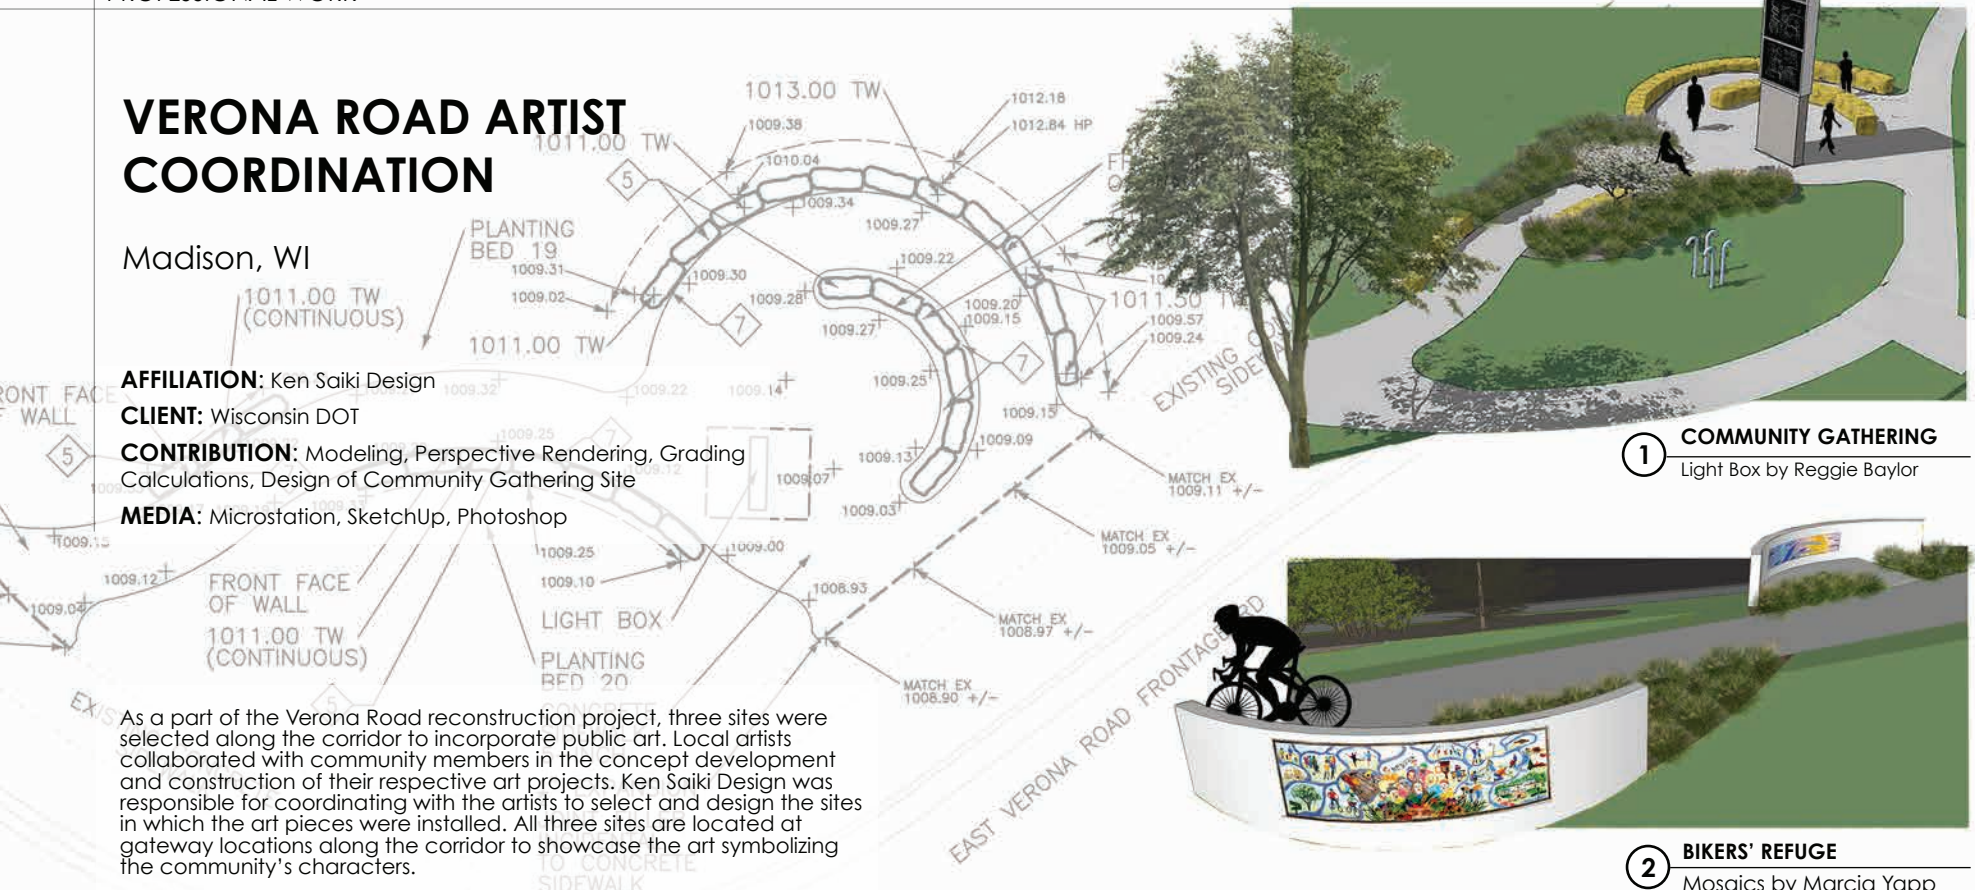

**AFFILIATION:** Ken Saiki Design

**CLIENT:** Wisconsin DOT

**CONTRIBUTION:** Modeling, Perspective Rendering, Grading Calculations, Design of Community Gathering Site

**MEDIA:** Microstation, SketchUp, Photoshop

As a part of the Verona Road reconstruction project, three sites were selected along the corridor to incorporate public art. Local artists collaborated with community members in the concept development and construction of their respective art projects. Ken Saiki Design was responsible for coordinating with the artists to select and design the sites in which the art pieces were installed. All three sites are located at gateway locations along the corridor to showcase the art symbolizing the community's characters.

**1 COMMUNITY GATHERING**  
Light Box by Reggie Baylor

**2 BIKERS' REFUGE**  
Mosaics by Marcia Yapp

**3 GREETING FIGURES**
